

## GPS approach minimums

Presentation of GPS approach minimums. With increasing reductions in VOR and NDB, GPS approaches have been out numbering all other approaches. So in today's world IFR pilots need to be up to speed with GPS approaches.

**Directions:** Take I-94 to State Street exit, turn south. Go to the first light and turn right on Airport Drive. Take Airport Drive to the very end.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
