

## 'Where's the 'F' in Airspace?'

Pilots are expected to have a complete understanding of the National Airspace System, but soon after the check ride, pilots may forget some of the many configurations that may face them when flying. This presentation will explore and review airspace and how they are depicted on aeronautical charts. Presenter, Michigan Aeronautical Chart editor and Designated Pilot Examiner, Randy Coller.

**Directions:** I-96 to M-52  
M-52 North to Sherwood Rd  
East on Sherwood Rd 3.5 miles to 7278, on the north side.

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
