

# First Responders Training Workshop

The First Responders Aviation Accident Workshop familiarizes First Responders with the unique features and hazards of various aircraft to reduce risk to First Responders, victims, and bystanders when responding to aircraft accidents. "Fire Inspector and EMS continuing education credits have been approved for this class"

**Directions:** Aircraft flying in - Park at Main Terminal  
Driving in - Park at Main Terminal

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
