Webinar ID 596-737-563

Each attendee must be registered individually in order to be eligible Wings credit. This email will also include instructions on checking system requirements to avoid any day of connection issues. Please follow these instructions to avoid any complications. There will be 8 separate sessions presented during the day. The first session will begin promptly at 8 AM EST. Please log in at least five minutes prior to the event to ensure your connection. Each session will consist of a 50-minute training session and a 10-minute break, there will also be a lunch break between 11:50 & 12:30. Per FAA guidelines, each attendee will be required to meet minimum attendance requirements to substantiate presence and participation in the course. To measure this, a poll question will appear on your screen during each presentation. The timing of when the question appears will vary from hour to hour.

It is critical that you respond to each poll in order to receive Wings credit for your attendance. Please ensure the email address that you used to register with matches the email address you used to register with the FAA as well as matching your email for receiving Wings Credit. If the email addresses don't match, you will not receive credit for your attendance. Following the completion of the event and confirmation of your participation, credit will be granted within 2 weeks following the event.

If there are any questions, please contact Pat Ryan at [Patrick.M.Ryan@faa.gov](mailto:Patrick.M.Ryan@faa.gov) or my office phone line (734) 487-7455.

We look forward to your participation in this event!
