

EAA Chapter 113 IMC VMC Club Meeting

The scenario titled "Traffic Avoidance" describes an actual flight as follows: Our pilot is faced with some serious congestion on an IFR flight to an uncontrolled airport, not to mention a lot of airline traffic at another airport nearby. What can you as a pilot do to ensure safe operations in a situation like this? What tools do you have at your disposal?

Take Ford Rd or Ann Arbor Rd. to Lilly Rd. in Plymouth.
