

East Michigan Flight Standards District Office Monthly Safety Meeting May 2026

Event Details

Background:

Aircraft owners and pilots rely on certificated aircraft mechanics and inspectors for continued airworthiness of their aircraft. Many owners are unaware of their own airworthiness responsibilities. This program introduces Owner/Pilot/Mechanic responsibilities and authorities with respect to continued airworthiness and it offers suggestions for evaluating maintenance facilities and personnel.

Teaching Points:

Tue, May 19, 2026 at 10:00 EDT

JDV Conference Room

6500 Highland Rd

Waterford, MI

Contact: Zachary P. Ortiz

(734) 487-7205

Select #: GL23143242

FPM Zachary Ortiz n/a

- Although owners and pilots rely on mechanics to maintain and inspect their aircraft, the owner or operator is responsible for airworthiness.
- Required maintenance documentation is an important source of airworthiness information.
- Optional maintenance documentation makes airworthiness determinations easier.
- Owners and operators should carefully evaluate the maintenance facilities, personnel, and equipment used for maintenance and inspection of their aircraft.

Via personal vehicle - ample parking in terminal parking lot.

Fly-in: park on ramp as directed by ATC.
