

## EAA Chapter 113 IMC VMC Club Meeting

EAA IMV/VMC Club provides a "hangar flying" experience organized around visual or instrument flight, in order to promote safety, education and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules or procedures, and member experiences. We also have occasional guest speakers and snacks!

**The scenarios we will discuss at this meeting are as follows: For the VMC presentation, "Starved of Attention", focus will be on Basic Flying Skills and Fuel Management. The IMC presentation, "Trim Trouble", will also focus on Basic Flying Skills and Risk Management.**

Bring your EFB, your experience, and your questions and be ready to participate.
