

EAA Chapter 113 Monthly IMC Club Meeting

EAA IMV/VMC Club provides a "hangar flying" experience organized around visual or instrument flight, in order to promote safety, education and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules or procedures, and member experiences. We also have occasional guest speakers and snacks!

The **VMC** scenario titled "Fun with Flaps" is based on an actual flight as follows:
After practicing a number of commercial maneuvers to prepare for a checkride, you as our Cessna 172 pilot encounter an unusual mechanical issue while returning to the airport. How can you prepare for keeping the airplane under control in nonstandard configurations?

The **IMC** scenario titled "Hard to Find" is inspired by an actual flight as follows:
You are flying a night IFR flight in a Beech Sierra to an unfamiliar airport. Fuel is running low, and you're having trouble spotting the airport. What can you do to ensure that you make it to your destination safely?

Take Ford Rd or Ann Arbor Rd. to Lilly Rd. in Plymouth.
