

EAA Chapter 333 IMC VMC Club

EAA IMC/VMC Club provides a "hangar flying" experience organized around visual or instrument flight, in order to promote safety, education and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules or procedures, and member experiences. We also have occasional guest speakers and snacks!

"Fun with Flaps" is based on an actual flight as follows:

After practicing a number of commercial maneuvers to prepare for a check ride, you as our Cessna 172 pilot encounter an unusual mechanical issue while returning to the airport.

Event Details

Thu, Sep 24, 2026 at 19:00 EDT

**Ann Arbor Airport Terminal
Conference Room**

801 Airport Blvd

Ann Arbor, MI

**Contact: BEATRICE MELANIE
MCNICHOLAS**

(734) 645-4972

mcnicholas405@comcast.net

Select #: GL23146514

**Representative BEATRICE
MELANIE MCNICHOLAS n/a**

"Hard to Find" is inspired by an actual flight as follows:
You are flying a night IFR flight in a Beech Sierra to an unfamiliar airport. Fuel is running low, and you're having trouble spotting the airport.

Bring your EFB, your experience, and your questions and be ready to participate.

All are welcome. You do not need to be an EAA member to attend.

We will also be discussing how you can earn **WINGS** Credit.

Meeting to be held in the Conference Room in basement of Terminal Building. Parking is available if driving and, if flying, tie downs are available on ramp.

A message from the National FAASTeam Manager

Earn your WINGS to get a chance to win a prize. Go to <https://www.wingsindustry.com/WINGS-Sweepstakes> for more info. Join us on Facebook: <https://www.facebook.com/groups/GASafety/>
