

Grosse Ile Municipal Airport (KONZ) - Safety Outreach Seminar

Aircraft owners and pilots rely on certificated aircraft mechanics and inspectors for continued airworthiness of their aircraft. Many owners are unaware of their own airworthiness responsibilities. This program introduces Owner/Pilot/Mechanic responsibilities and authorities with respect to continued airworthiness and it offers suggestions for evaluating maintenance facilities and personnel.

Teaching Points:

Event Details

Thu, Oct 15, 2026 at 14:00 EDT

**Grosse Ile Municipal Airport
(KONZ) Terminal/County Building**

9601 Groh Road

Grosse Ile, MI

- Although owners and pilots rely on mechanics to maintain and inspect their aircraft, the owner or operator is responsible for airworthiness.
- Required maintenance documentation is an important source of airworthiness information.
- Optional maintenance documentation makes airworthiness determinations easier.
- Owners and operators should carefully evaluate the maintenance facilities, personnel, and equipment used for maintenance and inspection of their aircraft.
