

National FAASTeam presents:

FAASteam CFI Workshop #8

This is CFI Workshop module #8 in the series of eight modules. In this module, Pilot Deviations including Runway Incursions will be discussed. Material is appropriate and credit will also be offered for General Aviation pilots, so bring a student or two along!

Directions: MERFI event local and promotional materials will describe room location. Feel free to bring lunch and eat in the air conditioning over lunch hour.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
