

ECOPA Safety Seminar with ATC at CAK-Oct. 2012 (PILOTS ONLY)

Attendees will rotate through the tower/radar room, crash/fire/rescue facility, and question/answer/panel discussion with controllers. The seminar will begin with a TSA inspector discussing general aviation and airport security and the airport manager sharing future plans for CAK.

Directions: Meet in the conference room on the 2nd floor of the main terminal building.
Bring your parking ticket for validation.
If flying in, after landing, ask for progressive taxi to McKinley Air.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!
