

## Weather and Flying - How it affects us

Hosts Kate Knoblauch in partnership with Joe Deaton have arranged for Chief Meteorologist, Jay Beschback to speak about the meteorological conditions and the effects they have on our flying. Learn from how weather is formed, to how that weather will influence your flight plan. Jay will address climatological issues on an aviation related level.

**Directions:** For turn-by turn directions, please use internet software such as "mapquest" or "googlemaps". Event is schedule in the 2nd floor classroom of the EAA Chapter 582 Hangar facility.
