

## Flight of the M-497.

The Pilot of this amazing train, Don Wetzel, will be the main speaker. In 1966, in N.E. Ohio, Don piloted this jet train on an amazing 69 mile run with a Twin Beech chase plane. The story on how this came about, how the jet engines were acquired and the engineering that went into the Jet train development will captivate everyone. Don is also a B-25 pilot as well as a former Corporate pilot.
