

Stabilized Approaches and Go-Arounds

The General Aviation Joint Steering Committee (GAJSC) and your local FAA Safety Team (FAASTeam) are working together to present a monthly topic that improves Aviation Safety. October's topic is stabilized approaches and go-arounds. The GAJSC is working to improve General Aviation safety through data driven risk reduction efforts that focus on training, education, and outreach.

Directions: This event will be held in the Main Terminal building. For detailed driving directions, please use internet software such as GoogleMaps, MapQuest, Rand McNally, or similar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
