

## ECOPA Air Safety Seminar-February 2015

The Wright Brothers, Wilbur (Tom Benson) and Orville (Roger Storm) will explain how they were able to invent the airplane and learn to fly it. They will show how yesterday's safety principles regarding maneuvering, landing, and weather apply to today's world. Tom and Roger teach classes at the Digital Learning Network at NASA Glenn Research Center.

**Directions:** If flying in, KCAK is Class C airspace. Ask for progressive taxi to MAPS Museum. Call 330-858-1301 to have the gate opened. Seminar is in the Library.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
