

You Are Cleared on the ECOPA 1 Departure - Making Sense of Departures

Our safety meetups include videos, discussion, case studies and learning from our fellow pilots. Pilot deviations and confusion over departures exist. We will discuss factors that contribute to these deviations. We will discuss local departure procedures and how to select them. We will discuss the common distractions during a flight lesson, flying for pleasure or business. We will look at several of the Pilot Deviations in detail to show how they could have been avoided. Wings Credit available

Directions: FAA Trailer at 1G3 fly ins welcome.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
