

FAASTeam presents:

You Are Cleared on the ECOPA 1 Departure - Making Sense of Departures

Our safety meetups include videos, discussion, case studies and learning from our fellow pilots. Pilot deviations and confusion over departures exist. We will discuss factors that contribute to these deviations. We will discuss local departure procedures and how to select them. We will discuss the common distractions during a flight lesson, flying for pleasure or business. We will look at several of the Pilot Deviations in detail to show how they could have been avoided. Wings Credit available

Directions: Terminal main area by the International Women's Air & Space Museum. Car parking is free out front. Landing fees being waived for this event, tell the tower on landing you are there for the Wings Safety seminar and park in the GA parking area in front of the terminal building.

A message from the National FAASafety Team Manager

Earn your WINGS to get a chance to win a cash prize. Go to www.mywingsinitiative.org for more info.
