

Basic Med and the WINGS Program

Basic Med has been around for a few years now, but you may not know all the details. Learn about Basic Med, all the why's and how's to this easy alternative to a traditional medical. Additionally, Alan Lowe will discuss the WINGS program as a means to maintain proficiency, not just currency. The 200th anniversary of Bucyrus is the occasion for this fly-in. Be aware flying in, and research all NOTAMS carefully. Other presentations will be offered. Look for additional announcements.

Directions: Ballou Skies Aviation is the south most rectangular hangar on the field. Follow directions of marshallsers on the field.

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
