Runway Safety Action Team/Pilot Controller Forum - KCLE (HYBRID)

The purpose of this Runway Safety meeting is to unite individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on and within the Airport Operations Area (AOA). We look for participation from all major airport interests including pilots, tenants, fixed base operators, airport operations and maintenance personnel.

Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

*In Person Limited to 15 Participants.

Event will be hosted in the Browns Room of the Cleveland Air Traffic Control Tower.

Utilize call box at the gates of the facility for entry.

Enter doors and sign in at the base of the tower.

You will be escorted to the Browns Room.
