What is MOSAIC anyway...?

Changes are coming... New rules for pilots and aircraft. How is MOSAIC responding to evolving aviation and airman needs? How is it changing not only the Sport Pilot landscape and what aircraft a Sport Pilot can fly, but how is MOSAIC changing the general aviation environment in general.

Come learn about the Modernization of Special Airworthiness Certification (MOSAIC) where we will discuss the following:

- A summary of changes from previous requirements
- Effective dates
- Details pertaining to pilot training and testing
- Part 91 changes
- MOSAIC references and resources

Meeting will be in large FBO Hanger
