

Toledo (TOL) Runway Safety Action Team (RSAT) Meeting

The purpose of this Runway Safety Action Team meeting is to bring together the individuals and organizations actively involved in air traffic operations and the movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA). We encourage participation from all major airport stakeholders, including tenants, fixed base operators, airport operations, pilots, and maintenance personnel. Participants will help develop recommendations and solutions to enhance surface safety, which will serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

A virtual attendance option is also available through FAA ZoomGov.
