

CAUTION Helicopter Wake Turbulence

While seldom discussed or heard about, several accidents have occurred as a result of helicopter wake turbulence to fixed wing aircraft. This session will discuss the impact of helicopter wake turbulence on fixed wing aircraft both in the VFR environment and the IFR environment.

Pancake Breakfast begins at 8:00am - Airport Day and Safety Seminars to follow. 1 Hour of safety instructional material will be presented. WINGS Credit applicable.

In the Ballou Skies Hangar/Flight School at Port Bucyrus Crawford County Airport.

2186 Issac Beal Rd., Bucyrus, Ohio 44280

A message from the National FAASTeam Manager
