

Did You Get The Latest CFI Memo?

Join us for an informal discussion on topics of interest to flight instructors in Western South Dakota. Be sure you are up-to-date on some of the changes in the CFI world, including the new written test system, changes to the PTS, and safety and security. Also, get ideas from your fellow instructors on how to increase student numbers and retention.

Directions: This meeting will take place at the Rapid City Regional Airport's new Fire Station Building. Once you turn off Highway 44 toward the airport, keep driving straight ahead past the traffic light and continue up the hill toward the general aviation hangars. This facility is located on the right-side of the road.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
