

National FAASTeam presents:

## FAASteam CFI Workshop #8

This is CFI Workshop module #8 in the series of eight modules. In this module, Pilot Deviations including Runway Incursions will be discussed.

**Directions:** Note change in location from previous workshops. We will meet in the upstairs conference room of the SDSU Aviation Program airport complex.

Representative WARREN GENE HOVLAND

#### **A message from the National FAASTeam Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
