

A Historical Journey with World War II USAF Pilot Chuck Childs

There are not many USAF B-17 pilots who flew during World War II that can share their personal experience of bombing missions over Germany. Mr. Chuck L. Childs is now 93 years old and can still recall his humanitarian flights during the Berlin Airlift. Come join us as we celebrate Chuck's contribution to our nation and his determination in making sure the airlift is never forgotten.

Directions: Western Dakota Tech (WDT) is located just off Highway 44. Turn north off Highway 44 onto Mickelson Drive, then take the first right turn into the parking lot. Look for the WDT sign on the main administrative building, the lecture room is just inside the main entrance.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
