

FAASTeam Evening Safety Seminar

The General Aviation Joint Steering Committee (GAJSC) selects a Topic Of The Month (TOM) based on analysis of accident and incident data that shows a risk factor. The January TOM is titled "Enhanced Vision Systems".

In addition, we will have Inspector Jeff Boe from the Fargo Flight Standards District Office (FAR FSDO) talk about the responsibilities that come with aircraft ownership. Normally aircraft owners are also pilots who need to understand their maintenance responsibilities with determining the airworthiness of aircraft.

Directions: This FAASTeam Safety Seminar will take place at the Ramkota Hotel & Convention Center Conference Room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
