

South Dakota FAASTeam presents:

CFI Open Forum

At this event we will discuss best practices for teaching Airworthiness Awareness in the hope that students will learn how to avoid system/component failure events. We also talk about best practices for systems operation and how to prepare students to deal with an engine failure in flight.

Additional topics will be: Radio communications Weather Night Operations Runway Incursions Aircraft Icing "Scud" Running Cold Weather Operations Towered Airport Operations Safe Instructor Techniques Ground Instruction Techniques

This is a forum so your participation is essential to success. We really need to hear from you so be sure to join in the discussion.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

Directions: This event will take place at the SDSU Airport Flight School Building.
