

South Dakota Aviation Symposium - Briefing 2

This 50 minute pilot briefing will take a look at examples of how training, experience, and education helped to prevent accidents during combat missions with the USAF.

Directions: This briefing is part of the South Dakota Aviation Symposium. This annual event is split between pilot and mechanics. You are welcome to join for any or all of the sessions that will run throughout the day. The five pilot briefing sessions will be upstairs at the SDSU Aviation Flight School Facility, Brookings Airport and the mechanics training (inspector authorization renewal course) will be in the main SDSU hangar at the Brookings Airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
