

FAASTeam Afternoon Safety Seminar

Why is it that some pilots have accidents? Planning and preparing for a safe flight requires becoming familiar with all available information regarding your flight. Join us as we hear from Marty B. Larson (FAA Designated Pilot Examiner). Mr. Larson's years of flight instruction experience combined with serving our aviation community as a FAA Designated Pilot Examiner will provide you some valuable insight on many factors associated with safe flying. Don't miss out on this great opportunity to learn new information and becoming a safer pilot.

Directions: This safety seminar is part of the South Dakota Aviation Hall of Fame event.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
