

FAASTeam Safety Seminar

The General Aviation Joint Steering Committee (GAJSC) reviews information relating to general aviation accidents. This information is then used as a "Topic of the Month" for presentations and to raise greater awareness with helping reduce the accident rate. In addition, we will look at several FAA online resources available to airmen.

Also, join us as we hear from our Airworthiness FAASTeam Program Manager, k Jeff Boe discuss aircraft maintenance related issues associated with aircraft ownership.

Directions: This FAASTeam Safety Seminar will take place at the Ramkota Hotel & Convention Center Conference Room (Dakota Rooms D&E).

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
