

South Dakota Aviation Symposium - Briefing 1

This pilot briefing presentation will help you better understand the dangers associated with hazardous weather. Join us as we take a look at the risks involved with critical decisions a pilot must make to stay safe. Register online to attend and receive WINGS credit.

Directions: This briefing is part of the South Dakota Aviation Symposium and will take place at the South Dakota State University (SDSU) Flight School Facility at Brookings Airport. This annual event is split between five pilot briefings and Inspection Authorization (IA) Renewal Course. The pilot briefing presentations will all be conducted upstairs, and the complete eight-hour IA renewal course will be conducted downstairs in the maintenance hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
