Flying friendly is an obligation that all pilots share. To each other as we fly above this great country and to the people that we fly over while we are enjoying the joys of flying. Low-level maneuvering flight is part of the basic flight training syllabus. Come find out how you can fly friendly for our neighbors on the ground and reduce the noise complaints we are receiving in the Olympia area.

*Directions:* From I-5 take exit 102 and drive east on Trosper Road. Go around the roundabout 180 degrees and turn right at the stop-light on Capitol Blvd SW. Capitol Blvd turns into Old Hwy 99 SE. Drive about 1 mile and Jorgensen Aviation is on your right. The meeting will be held in the Jorgensen Aviation conference room.
