

NextGen - Your Questions Answered!

The FAA's Next Generation Air Transportation System (NextGen) initiative is changing the way we fly in the United States, making flying safer and making our airspace more flexible. NextGen procedures are already improving access to GA airports. Other NextGen capabilities will improve situational awareness for pilots.

Directions: From I-5, north or south, follow the signs to the Museum of Flight. The presentation will be held in the Museum's theater.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
