

IA, AMT, & 145 Repair Station Question & Answer Seminar

Seattle FSDO Airworthiness Inspectors are hosting a series of workshops to listen to any issues that affect the aircraft mechanic, those with Inspection Authorization, and Repair Stations. The session's aim is to provide education and dissemination of information.

Directions: Seminar will be held in the Red Barn Classroom, which is located in the basement of the museum. Follow the signs in the lobby.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
