

FAA Safety Team presents:

Aeronautical Decision Making - Your Choice A, B, C or D

In an interactive seminar, with no records kept, or hands raised, you will be able to demonstrate your personal knowledge of ADM and answer some real life ADM situational questions. Are you willing to challenge yourself? Come on out and take the "electronic test" on a few sample ADM problems that you could run into the next time you fly.

Directions: Take exit 287 from I-90. Proceed north on Argonne to East Montgomery Ave. Turn left (west) into the restaurant parking lot.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
