

A Short Trailer for 'Why Planes Crash'

General aviation accidents involve good pilots, while not-so-good pilots continue to fly-- unscathed. "Why Planes Crash" uses real world examples and case studies to look at ways skills, knowledge, and attitude can keep you out of trouble, or get you into it.

Directions: From Hwy 9, the Snohomish-Woodinville Hwy, go east on Airport Road and arrive at Snohomish Flying Services on the left. Meeting will be in the hangar just west of the cafe.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
