

Aeronautical Decision Making / Loss of Control

"You think you're an expert on Aeronautical Decision Making? There's more to ADM than IMSAFE, PAVE, P3, OODA Loop, TEAM and the DECIDE Model. Confused? Let's talk about how to apply these tools to YOUR flying."

Directions: From Hwy 9, the Snohomish-Woodinville Hwy, go east on Airport Road and arrive at Snohomish Flying Services on the left. Meeting will be in the hangar just west of the cafe.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
