

Alternators, Regulators & Starters. What's Old, What's New, What's Wrong?

This presentation will take an alternator down to component parts, discuss the electrical functions of each and describe improvements found in modern alternators and voltage regulators. Troubleshooting techniques and examples of common failures of the entire starting and charging system take up the last half of the discussion.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying into PLU see additional information below for airport shuttle details.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
