

## SEATAC Focus Group-Think

The FAA and Airport Management is requesting your assistance in response to a recent spike in Runway Incursions at Seattle-Tacoma Airport. While these events fortunately have not been severe, each Runway Incursion has the potential for severe safety consequences and steps must be taken to eliminate them as much as possible.

**Directions:** The Beijing Conference Room is part of the Conference Center at SEATAC, located in the Airport Office Building at the airport.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
