

## GPS for IFR and VFR Pilots

This presentation addresses common questions about using an IFR-approved GPS under IFR, including substituting GPS for ground-based navaids, using T-routes and G-MEAs, and flying RNAV (GPS) approaches, emphasizing techniques that will help you avoid last-minute scrambles in the cockpit. Finally, A Question and Answer session will follow the presentations.

**Directions:** The Whatcom Educational Credit Union is located downtown Bellingham next to FedEx/Kinkos.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
