

Preparing for an Engine Failure in Single Engine Land Aircraft

Did you know that 20% of all our aircraft accidents are caused by maintenance related issues or material failure? It can happen to you, just like the other guy. Come and learn how to handle that problem if it ever shows up during your flight.

Directions: FAASafety Team Safety Seminars are held in the FAA Forum Tent "D". If flying into AWO please check NOTAMS and see the Arlington Fly-In "FLYING IN" web page link in "Additional Event Information".

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
