

## Preventative Maintenance for the Owner / Operator

What is preventative maintenance? When can you sign off the entries in the aircraft logbook? What gives you the authority to do the maintenance and sign offs? Can you help your IA with the annual inspection on your aircraft? These questions and more will be answered in this informative presentation for pilots who want to work on and assist with their aircraft's maintenance.

**Directions:** FAASafetyTeam Safety Seminars are held in the FAA Forum Tent "D". If flying into AWO please check NOTAMS and see the Arlington Fly-In "FLYING IN" web page link in "Additional Event Information".

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
