

ADS-B: What Do We Need To Know About It ?

This seminar will provide pilots a brief overview of what we know so far, followed by an open forum among pilots attending to exchange information and experiences with equipment, costs, the use of ADS-B, plus areas of mis-interpretation that could lead to safety issues.

Directions: The meeting will take place at the Civil Air Patrol (CAP) Building. The first building you'll see after you pull in is the Hanger Inn Restaurant, Spencer Aviation is just South of that, and the CAP building is just South of Spencer Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
