

Experimental/Amateur Built First Flight Considerations including Maintenance Issues

Mr. Jim Scott will lead you in discussing how to prepare for your first flight, how to develop a comprehensive flight test plan, your airport selection considerations, necessary emergency equipment, hazard identification, risk assessment, and risk mitigation. He will also discuss weight and balance issues, documentation, and first flight test hours.

Directions: The meeting will be held at the Arlington Flight Services Inc Building 44A Conference Room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
