

Safe Flying in the Cascades: 'Heart of the Distant Mountain'

Mr. Scurlock has been a pilot since 1986 and owns a Van's Aircraft RV-6 (which he built) that is based at Mears Field (3W5) in Concrete, WA. As an avid pilot, mountaineer and photographer, John has combined his interests to become an accomplished and highly regarded aerial photographer of the Cascade Mountains of Washington as well as other mountain ranges in the Western US and Canada.

Directions: The Presentation will take place in the conference room at the basement of Modern Pilot. Access to the basement is on the left side of the building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
