

How to be a safe pilot and pass your checkride?

NTSB reports are filled with instances where pilot's skill/knowledge has been a contributing factor in an accident. We will discuss common errors and misunderstandings that can lead to potential dangers. Mr. David Stahl has been an FAA Designated Pilot Examiner since 2002. In that time he has conducted over 1000 practical tests.

Directions: The Presentation will take place in the conference room at the basement of Modern Pilot. Access to the basement is on the left side of the building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
