

Managing Risk - Keynote Area

Alarmed at the nearly 1,500 General Aviation accidents per year in which more than 400 pilots and passengers die annually, the NTSB recently released several Safety Alerts targeting GA safety; two of which exhort pilots and mechanics to practice risk-management strategies while flying or fixing aircraft.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512 at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. Keynote Area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
