

Meet an FAA Examiner

This seminar will provide an overview of the FAA Practical Test (checkride) and common problems along with tips for a successful test. The presentation will also cover the new Airman Certification Standards (ACS) which are replacing the Practical Test Standards (PTS) for the Private Pilot and Instrument Rating. It will provide guidance for applicants and flight instructors as to how training and preparation need to change for an applicant to have a successful practical test with the ACS.

Directions: Located at the Renton Municipal Airport. This seminar will be held in the Rainier Flight Service classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
