

Airspace Workshop

Navigating the Seattle Terminal Airspace can be challenging. A three-dimensional chart size model and a computer animation will help us to understand our local airspace environment through assembly and visualization.

Directions: From I-5, take the 128th St (exit #186), go west on 128th St for approx. 2 miles to Hwy 99, 128th St SW becomes Airport Rd, stay on Airport Rd to 100th St SW. Turn Left onto 100th St SW and turn Left at stop sign and continue on to parking lot just outside the Central Ramp and Hangar C51. Ring bell at gate.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
